

## RJ11 style Linejacks

The Austin Taylor range of RJ11 style linejacks features 6 position, 6 conductor Western Electric style sockets.

All variants are shuttered and use Krone style IDC terminals for fast and efficient installation.

The 2 Series variant supports a single line and is supplied with a surface mount back-box.

The 3 Series variant supports a single line and is suitable for surface or flush mounting onto a standard BS3662 size UA1 (LJ3) backbox.

The 4 Series variant supports two separate lines and is suitable for surface or flush mounting onto a standard BS3662 size UA1 (LJ3) backbox.

**2 Series RJ11 linejack**  
supplied with backbox
